- Oracle user license.

Identical for the add-on Invantive Estate

On-premises (optional)

Usually the software runs online (cloud-based). For use of Invantive Vision with a server within the own network (so-called "on-premises" use) you will need:

- Operating system: Windows 2008 R1 Service Pack 2 or Windows 2008 R2. Various Unix platforms. Windows 2012 is not yet supported.
- Database management system: Oracle 11g Release 2 Standard Edition One 11.2.0.3.
- Application server: Tomcat 7.0.33 or newer with Oracle Java SDK 1.7 update 9 or newer, Microsoft .NET 4.5, Microsoft IIS 7.0 or Microsoft IIS 7.5.
- Minimum 4 GB of internal memory.
- Screen resolution of 1280x1024 or higher.

OS

- ✓ Microsoft Windows
- ✓ Apple Mac OS X
- ✓ Android
- ✓ iPhone
- ✓ Tablet
- ✓ Microsoft Terminal Server

DB

- ✓ Oracle RDBMS

invantive control

- Microsoft Excel 2010 or Microsoft Excel 2013 64-bits.
- Microsoft .NET 4.5.
- Minimum of 4 GB internal memory.
- Screen resolution of 1280x1024 or higher.
- User license databases used and/or business applications.
- Invantive Webservice or local drivers.

OS

- ✓ Microsoft Windows
- ✓ Microsoft Terminal Server

DB

- ✓ Microsoft SQL Server
- ✓ MySQL
- ✓ Oracle RDBMS
- ✓ Teradata
- ✓ IBM DB2 UDB
- ✓ Microsoft Access
- ✓ ANSI SQL
- ✓ ODBC

invantive composition

- Microsoft Word 2010 or Microsoft Word 2013 64-bits.
- Microsoft .NET 4.5.
- Minimum 2 GB of internal memory.
- Screen resolution of 1280x1024 or higher.
- User license for databases used and/or business applications.
- Invantive Webservice or local drivers.

invantive studio

 PC or terminal server

To be able to use Invantive Studio on your PC or terminal server you will need the following programming, including licenses:

- Invantive Producer.
- Microsoft .NET 4.5.
- Minimum of 2 GB internal memory.
- Screen resolution of 1280x1024 or higher.
- Invantive Webservice or local drivers for Invantive Producer.

 OS
✓ Microsoft Windows
✓ Microsoft Terminal Server

 DB
✓ Oracle RDBMS

invantive query tool

 PC or terminal server

To be able to use Invantive Query Tool on your PC or terminal server you will need the following programming, including licenses:

- Microsoft .NET 4.5.
- Minimum 2 GB of internal memory.
- Screen resolution of 1280x1024 or higher.
- Invantive Webservice or local drivers.

 OS
✓ Microsoft Windows
✓ Microsoft Terminal Server

 DB
✓ Oracle RDBMS

invantive producer

 Client (PC, tablet, smartphone)

Invantive Producer sets no requirements to your PC. You could for example use it in combination with Invantive Studio.

 On-premises (optional)

For use of Invantive Producer with a server within the own network (so-called 'on-premises' use) you will need:

- Operating system: Windows 2008 R1 Service Pack 2 or Windows 2008 R2. Various Unix platforms. Windows 2012 is not yet supported.
- Database management system: Oracle 11g Release 2 Standard Edition One 11.2.0.3.
- Minimum 4 GB of internal memory.
- Screen resolution of 1280x1024 or higher.

 DB
✓ Oracle RDBMS

invantive webservice

 PC or terminal server

To be able to use Invantive Webservice on your PC or terminal server you will need the following programming, including licenses:

- Microsoft .NET 4.5.
- Minimum 2 GB of internal memory.
- Screen resolution of 1280x1024 or higher.

 On-premises (optional)

For use of Invantive Webservice as server within the own network (so-called 'on-premises' use) you will need:

- Operating system: Windows 2008 R1 Service Pack 2, Windows 2008 R2 or Windows 2012.
- Minimum of 4 GB internal memory.
- Screen resolution of 1280x1024 or higher.
- Drivers for the supported databases or specific own drivers for business applications.

 OS
✓ Microsoft Windows
✓ Microsoft Terminal Server

 DB
✓ Microsoft SQL Server
✓ MySQL
✓ Oracle RDBMS
✓ Teradata
✓ IBM DB2 UDB
✓ Microsoft Access
✓ ANSI SQL
✓ ODBC
